

# EASTER MONDAY TRAINS & SNAGS

**16<sup>th</sup> Australian Narrow Gauge Convention  
visit to the  
Alexandra Timber Tramway & Museum**

This Easter Monday, April 6<sup>th</sup>, 2026, attendees of the 16<sup>th</sup> Australian Narrow Gauge Convention are invited to come along to the Alexandra Timber Tramway & Museum. This is an opportunity to explore the ATTM collection, ride behind one of the restored Kelly & Lewis locomotives and enjoy a few sausages from the BBO.

This day is self drive to Alexandra, approximately a 2 hour journey north of Melbourne. Meet at the Alexandra Timber Tramway & Museum grounds from 10am, which then allows plenty of time to wander the grounds, see plenty of logging and tramway relics, take in a few laps with one of the Kelly & Lewis locos and enjoy the snag burning skills of the ANGC Committee. This is a great day to relax and wind down from the convention weekend with a bunch of fellow attendees.

Please book via our TryBooking page to assist with catering needs.

Tickets for this day are just \$15 per person (which covers museum entry and BBO).
